

FOR IMMEDIATE RELEASE:

BHI Senior Living Partners with Alzheimer's Association for Innovative Corporate-Wide Program

Indianapolis, IN – BHI Senior Living is excited to announce a new initiative funded by the Centers for Medicare & Medicaid Services (CMS) and the Indiana Department of Health (IDOH). In collaboration with the Alzheimer's Association, this two-year program, titled "ALZPro: A Long-Term Care Model," will enhance person-centered care through comprehensive training for staff, leadership, and resident families.

This program will also support the expansion of The Journey, BHI's mission-driven initiative that focuses on improving the quality of care for residents living with dementia. The new resources provided through this project will supplement The Journey by offering additional tools and education, with a special emphasis on supporting family caregivers.

"These new resources will help us further our commitment to person-centered care for residents and their families," said John Dattilo, CEO of BHI Senior Living. "Partnering with the Alzheimer's Association is a tremendous opportunity to build on our existing efforts and introduce new methods of support for our staff, families, and residents."

The project, which will begin in the coming weeks and will provide staff across BHI communities with essential training to enhance the care provided to residents with Alzheimer's and other forms of dementia.

"We are thrilled to partner with BHI Senior Living on this initiative to improve dementia care across Indiana," said Maggie Cattell, Associate Director of Program Implementation and Evaluation for the Alzheimer's Association. "This collaboration will bring critical resources to residents, families, and care teams alike, furthering our shared mission of enhancing the quality of life for those living with dementia."

BHI Senior Living remains dedicated to advancing the well-being of its residents and families through continuous innovation and partnerships like this one, furthering its reputation as a leader in senior living.
